

*“It wouldn’t have been possible to fulfill my professional and academic ambitions without PSP. The AHK in the Czech Republic not only awoke the idea in me to do an MBA but also supported me in choosing the right program.”*

*“I went to the Czech Republic intending to do voluntary besides my normal work. People from the Czech AHK helped me to formulate my ideas in a more concrete way and through our many discussions I was able to find areas of work which suited me well time-wise and with regard to the content.”*

*“It was important to me during my stay in Prague but also for the rest of my career back in Germany to better my English. Because of their guidance and their practical advice, I was able to enjoy first-class English lessons at a local and well-respected language school. I can now articulate myself in English with more ease and fluency, I simply feel much more confident when speaking.”*

## PARTNER SUPPORT PROGRAM

An international posting can be a real challenge for expatriates and their families. Good integration of the partner and the family in the new environment is a decisive factor for the success of such an international posting.

The German Association of Chambers of Industry and Commerce (DIHK) and the Chambers of Foreign Exchange (AHK) offer qualified support to the accompanying partners in the realization of their professional and private goals with the “Partner Support Program”.

We are proud to name Volkswagen AG and Skoda Auto a.s. as our cooperation partners.

The German-Czech Chamber of Industry and Commerce has over 20 years of experience in German-Czech relations and is therefore the perfect partner to support an international posting.

### We offer you in the Czech Republic

Our specific advisory service concerns three areas:

#### 1. CAREER & PROFESSION

- Professional advice and assistance in applying for jobs
- Searching for a job and job procurement
- Advice regarding self-employment

#### 2. STUDIES & FURTHER EDUCATION

- MBA-courses
- Language courses
- Professional qualification
- Intercultural training

#### 3. CULTURE & HONORARY OFFICES

- Overview of all relevant institutions
- Establishment of contacts and personal supervision
- Procurement of individual offers
- Networking events

### Before departure

Partners can define their goals and ideas for their stay in the Czech Republic whilst still in Germany and thus plan before the actual departure. The Chambers of Industry and Commerce (IHK) are to be found locally and are pleased to advise you.

### Return to Germany

The IHKs can facilitate your return to Germany and reintegration into your profession and into everyday life with their “welcome centers”, for example by recognizing any professional qualifications you might have attained during your stay. Furthermore, we offer networking and various other events.
